We will do a hands on clinic to be centered around the new routines, very similar to how it was run last year. The clinic will be hosted at MHG which is located at 2600 Campus Dr., Plymouth, MN 55441 The clinic will be held on Sunday, September 24th from 9am to 1pm.

This clinic is a coaches educational clinic. With the use of some of our top compulsories from the State. The clinic will be open to all clubs, but will only be open to 2 compulsory athletes from each club. Those 2 athletes must come in their competitive uniforms and be accompanied by at least one of their coaches. This will be a great opportunity for those athletes attending and the coaches as well.

I plan to hold the Fall State Coaches Meeting directly following the clinic. Thank you and I will see everyone on the 24th.
